

# AL176ULB Data Sheet

### **Overview**

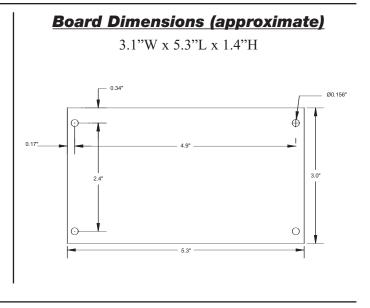

• The AL176ULB is a power limited power supply/charger that converts a 24VAC input, into 12VDC or 24VDC output, *(see specifications)*. This is intended for use in applications requiring UL Recognition for Access Control (UL294).

#### AL176ULB

• 12VDC or 24VDC @1.75 amp continuous supply current.

## **Specifications**

- Input 24VAC/40VA from UL Recognized transformer.
- Field selectable 12VDC or 24VDC power limited output.
- Class 2 Rated power limited output.
- Filtered and electronically regulated output.
- Maximum charge current: 400mA.
- Automatic switch over to stand-by battery when AC fails (zero voltage drop).
- AC fail supervision (form "C" 1 amp @ 28VDC).
- Low battery supervision (form "C" 1 amp @ 28VDC).
- AC input and DC output LED indicators.
- Short circuit and thermal overload protection.
- Includes power supply and battery leads.

## **Agency Approvals**

UL Recognized component for US and Canada.
