

## Product Description

The KBC ESMGS4-P2-B series is a high performance six port, industrial managed gigabit Ethernet switch with four 10/100/1000M PoE ports and two gigabit SFP ports. The four PoE ports support IEEE802.3af/at standard. The switch supports Ethernet Ring Protection Switching (ERPS) as well as STP/RSTP/MSTP. It also supports Web-based network management, VLAN, QoS, SNMP, IGMP snooping and other network functions. Rugged design with IP40 enclosure and industrial level 3 ESD protection makes it suitable for applications such as Intelligent Transportation Systems, IP surveillance and industrial networks. The series is available in either DIN rail or wall-mount configurations.
