Product Specifications: (For Architects & Engineers)

The wall flush mount for the large flat panel display shall be the Video Mount Products (VMP) FP-LF. The mount shall be designed to attach to at least 2 studs up to 24" apart or other suitable support surface. The mount shall be primarily composed of formed steel and shall incorporate arc welds and security screws. The mount shall be capable of adjusting to accommodate a wide variety of flat panels ranging in size from 42" to 63" and not necessarily be model specific. The adjustable mounting rails shall be capable of accommodating a maximum hole pattern of 850mm wide and 500mm tall. The load capacity shall be 180 lbs.
